IN THE HILLS, Dec 10th, '61

Editor Oregonian:

I have not forgotten the fable of "Poor Tray" and of the "Bad company," but my fingers so *tingle* with retort that I cannot forbear penning the following lines, which you can insert "an' it pleaseth you" in the columns of the *Oregonian*. It is almost needless to say they were suggested by the perusal of the "Battle of Manasses," by "an Oregon Bard," to whom—or to whose production you so critically allude in your hebdomadal of December 7th which has just reached me.

Should your discover that my Muse has "caught the theme" of said illustrious "bard" do not accuse her of plagiarism, but remember that the mind of a patriotic(?) "bard" who displays such unblushing and eminent poetical and political genius, must necessarily control the Muses of the "weaker vessels"—at least in somethings.

For flunky fools go not from home
To other lands but rather come
Where rolls the Oregon,"
And you will find among us men
Who glory o'er rebel victories when
The loyals fought have won

Our State 'boasts' of a mighty 'bard"
Who boasts in turn of 'Beauregard,
"*The glory of the land*"
("Davis" and "Lee" I'll name betimes
If they come round to suit my rhymes—
If not, I'll let em "stand")

Just for the present I must tame
My goose quill's flight—be it my aim
Of traitors now to sing
And when this would be "bard" of "Mars"
Who dares deride our "Yankee tars
"Twixt heaven and earth shall swing.

When *Treason* with her braven face
And scarlet hues devoid of grace,
By Law's divine command,
With "Davis, Lee and Beauregard,"
George Curry, Stark and our poor "bard,"
Are exiled from our land,

Then shall we look for pen of fire,
Dipped in the gall of honest ire,
To trace in living strains
The mem'ries of the good and great
Who died to save our ship of state
From traitors' shackle chains!

The EAGLE LIVES! although the cry
"*This Agent trembles*" to the sky
By ingrate dire is sung!
Well might FREEDOM "tremble" when
In wrath He sees misdeeds of men
Who ought to be—be hung!

"*A be Lincoln trembles*," see poem under consideration

There!! Mr Editor, doesn't my "feeble attempt in verse" wax exceedingly grandiloquent? The Muse is ready to spin out at least a hundred more stanzas in the same measure, but an "Oregon Bard" must console himself with what is here for the present. When he dares to disclose his name, he can have something more (if he wants it) from my seldom handled pen, but until I hear from him again please authorize him to consider me *very stiffly*,

CAROLINE CARE FOR EM

P S—As the above is an impromptu and I have no time to copy it the reader musn't think I mean to convey the idea to his mind that our "bard" shall "swing between heaven and earth" and be "exiled from our land" at the same time, however, since I come to think, *it will do*, for he'll hardly be on the "land" while "swinging" C C

Lieut Mullan's Party

A friend has furnished the Walla Walla *Statesman* the following intelligence from Lieut Mullan's party

Parties who have recently arrived from Butte Rock valley inform us of the progress made on the military road during the past season, by the party which left this point in May last. Lieut Salem Marsh and Assistant Surgeon George Hammond, with a portion of the command, had already arrived at the Big Blackfoot river, and fitted up suitable buildings and made all necessary preparations for spending the winter while Lieut Mullan, with a force of one hundred men, was still at work on the road as late as November 12th, expecting to reach the wintering point by the 1st of December.

The amount of work done this year may be stated as follows. Every stump is cut clean to the ground for one hundred miles, substantial bridges have been built over thirty-six crossings of the St. Regis Bigria river, the upper ten not needing any, all the crossings of the Coeur d'Alene are bridged to the forks the north fork not requiring any. This has been heavy work, and is said to surpass anything of the kind ever done on the Pacific.

During the winter the working parties will be distributed along the Hellgate river, at the points of the usual crossings to grade the hill sides, so as to avoid the bridging. The escort will not return to Walla Walla this winter but pass on to St. Louis in early spring *via* Fort Benton.

The command were in excellent health, and content with the amount done. The Blackfoot and Flat Head Indians were friendly and well disposed—glad to see the party again and to trade.

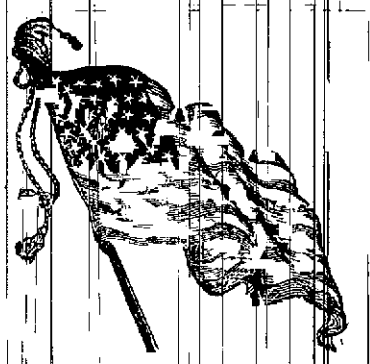
OFFICIAL PAPER OF THE CITY



No flag but the Old Flag—the Red, White and Blue
With the stars of a Union still bright and true
An asylum left for the sons of the brave
Whose blood bought the Union our fathers instituted

FRIDAY MORNING, DEC 20, 1861

The Democratic Principles of the Advertiser

The Secessionists of this coast have been in the habit of boasting that they could carry the elections in California and Oregon All will recollect how much the *Advertiser* talked of their certain success in the late election in California The Secessionists expected to carry it, in which case the project of seceding from the Union was intended to be carried out They failed in California The *Advertiser* was sorely disappointed, and the leaders of the party there, in consequence, have been, and are still running off to join their brethren, Secessionists in arms against the Government.

But the failure in California has not induced our Secessionists here to abandon their part of the programme. They are going to try to do what their friends failed to do in California—that is to carry our State election Curry, hoping to get the job of State Printing, is very anxious on the subject; and he is sounding the changes on democracy abolition, and John Brown, to the utmost extent of his breath One might suppose that he was the very emanation of democracy—and yet all his secession or other democracy is of the growth of a very few months No longer ago than November a year, he had just as much love for Abraham Lincoln, as for Judge Douglas, or the traitor Breckinridge The truth was he could not go for either—and although he is so blatant now about democratic principles, he had neither democratic or other principles then in sufficiency to govern his actions.

And yet this is the man who bills his paper with denunciations of Union democrats and who is so very anxious to draw them into the net of secessionism We expect he will be just about as successful as M'Connell, Gwin and Showalter were in the late election in California

Road to the Salmon River Mines

Any one would suppose that the great question on this subject would be Where can we find the best and least expensive route on which men can reach the mines, and on which bands of stock and pack trains can pass This is the only question we think involved in the matter If that route be from Oakland, from Lewiston, from Walla Walla or from the Dalles it should be made known to the people We do not believe that men should take a new road from the Dalles merely to accommodate the people of the Dalles or from Walla Walla or any other place to accommodate other localities Nor do we believe it possible that editors, labor as hard as they may, can succeed in making the traveling masses believe that the worst and longest road is the best The great travel on the different routes will soon undecide all, and *the best* route will be known to be *the best route* and the travel, packing, trade and stock driving, will go upon it

Our opinion is that the thorough examination of all the routes spoken of should be made, and made as soon as possible, so that the crowds soon to be here will know how best to reach the mines

We have seen in the history of mining and in the improving of new countries, the best arrangements for towns and ferries and roads fail, because locations were not made where increased travel and improvements proved that they were wanted, and such cases may arise even in this country There is not a house standing now in what was a flourishing village where Abraham Lincoln commenced the study of law; and hundreds of similar cases of the commencement of towns and ferries and their destruction, can be found in the Western States

There are always some grand features of nature which contribute to the building up of towns, and these must be considered in securing their permanent prosperity

These remarks are general, and only intended to show that towns to succeed must be located where they are wanted, and that those roads will be most traveled which will best accommodate the people, in their excellence, in their reduced distances, in the ease and safety of traveling over them

[From the Walla Walla Statesman]

Latest News from the Mines.

The latest news from the mines seems to have given the gold excitement a vivid revival and the restless mankind in this immediate neighborhood A number of persons from Florence City have arrived in this place during the week, and all bring the most extravagant reports as to the richness of the mines The Carribou diggings are thrown entirely into the shade and Alcatraz Island never delighted the eyes of sailors more Wages are fifteen dollars per day and would have been elected without a dissenting voice but for the fact that a doubt whether he had the constitutional number of members present to proceed to the election of Speaker On the first ballot Joel Ferguson, of Skamania was elected Chas Ferguson elected Chief Clerk Wm Kinfau Assistant Clerk Thos Warren Sergeant at Arms Robt Forest Doorkeeper

The Council adjourned until to-morrow without going into session for want of a constitutional majority were present

Gov Turney appointed Col John Miller Murphy, of the *Standard*, Public Printer vice Jas Lodge removed.

OLYMPIA W T Dec 16th 1861

EDITOR OREGONIAN:

A flag staff was raised this morning on the Territorial Capitol and the Stars and Stripes given to the breeze, under the enthusiastic cheers of a large crowd, thus bidding defiance to the traitors who would trample the glorious emblem of liberty in the dust

The Legislature has been busily engaged by the House of Representatives in the election of officers to the number necessary to organize the House proceeded to the election of Speaker and Chief Clerk of the Council, but without success The House then proceeded to ballot for Speaker, but failed to make a choice On the first ballot Joel Ferguson received 11 votes and would have been elected on the next ballot but a doubt whether he had the constitutional number of members present to form a quorum to do business in the House without a quorum

TUESDAY 17th—This morning fifteen members present proceeded to the election of Speaker On the first ballot Joel Ferguson, of Skamania was elected Chas Ferguson elected Chief Clerk Wm Kinfau Assistant Clerk Thos Warren Sergeant at Arms Robt Forest Doorkeeper

PUBLIC SCHOOL EXAMINATION.—Yesterday, the annual examination of the scholars in the Free School was commenced. We were only able to be present during a portion of the day, and judging from the results answers the scholars gave the questions propounded by them, we are of the opinion that the teachers are equal to their task. Though we would like to see a little more discipline observed by the scholars in compelling them to be quiet while their companions are going through their exercises, but we are informed by parties who are acquainted with the school, that many of the parents are to be blamed for the behavior of their children in school as they are loth to assist on the teachers when they administer to them a proper correction. The examination will be proceeded with to-day. This forenoon is set apart for the higher classes to recite arithmetic and algebra, and in the afternoon the critical exercises will be gone through with. We would like our citizens to attend the school to-day for every one of them is more or less interested in the present system of free schools, so universally adopted, where instruction is imparted without cost, to the child en of the rich and poor alike. A writer truly remarks that no educated people can never be enslaved.

EXTREME NEGLECT.—There is a certain mudpuddle at the intersection of Madison and Second streets, between the block on which the Congregational Church stands and that immediately north of it. Said puddle has sunken itself, a round, narrow, rotten, and as many can testify, very slippery stink of timber, on which passers are compelled to cross, each one as best they may. But the puddle has got to be regarded as a nuisance, and within a few days, when some private parties (in no wise interested in the property) took the responsibility of placing a plank across it, for the convenience of the public and yesterday, in passing, they had the misfortune of seeing the plank stolen away. Will not those whose duty it is, do something or only for this but for other impassable places in our streets.

THE ROAD SOUTH OF THIS TOWN.—The flood has injured the unfinished bridge on this road, but it can be readily repaired. The road is not much the worse for the flood. Mr Henderson, the Superintendent of the road informs us that the sum appropriated by the Board of Commissioners for the county, will not pay the debt contracted to those who performed the work, and that necessity compels him to call upon the subscribers for the amounts due from them. Justice to all concerned requires that the money be paid into his hands, and the workmen be settled with at once.

RECORDER'S COURT.—An individual who imbibed a little too much of Starr's best, and thereby was guilty of violating Ordinance No. 10, was fined by the Recorder yesterday $5 and costs, which he cheerfully paid, and went on his way rejoicing.

MUSTERED IN.—We understand that the Volunteers enrolled in this county, will be mustered in the United States service to-day.

The bright countenances of the *Times'* people are now accounted for. The *Times* says—"We are using the Portland Family Soap (chemical oil) in our office and must say that it is a little superior to any we ever used."

THE FLOOD SOUTH.—The Corvallis *Union* says,—that the flood was very severe on Rogue River and Umpqua valleys. The Evans' bridge on Rogue river is gone, Briggs' bridge on the south Umpqua, the north Umpqua bridge at Winchester, the bridge on Pass creek in Umpqua, near Mr Drain's place, and several other bridges are gone. The water had been 10 inches at Eugene. All the stores in main street could be reached in boats. From Eugene City to Coyles on the river there was scarcely one rail left on the top of another. Loss of stock great.

The *Mountaineer* and the *Times* have locked horns on the Salmon River road question. The object of the fight of the part of the *Mountaineer* is plain enough, but that of the *Times* is not so clear.

The Walla Walla *Statesman* says that a specimen of Salmon river gold, assayed at San Francisco, yielded $12 00 per ounce.

$150 REWARD!

SOME VAGABOND OR VAGABONDS visited Thursday morning (Thanksgiving) our premises and cut a large new ROPE attached to our BELL, by which our bell was sounded. The above reward will be paid for the apprehension and conviction of the person or persons who did the same, or any person that may be found to be guilty of CUTTING or STEALING THE ROPES by which our bells are hung so cured.

Pains in the Bones and Ankles, of the Throat, Nose and Eyes, Ulcers upon the Body or Limbs, Cancers, Dropsy, Epileptic Fits, St. Vitus Dance—and all diseases arising from a derangement of the sexual organs such as Nervous Trembling, Loss of Memory, Loss of Power, General Weakness Dimness of Vision, with particular spots appearing before the eyes Loss of Sight, Wakefulness, Dyspepsia Liver Diseases, Eruptions upon the Face, Pains in the Back and Head Female Irregularities—and all improper discharges of both sexes It matters not from what cause the disease originated, however long standing or obstinate the case may be, certain, and in a shorter time than any treatment ever can be effected by any other treatment. Even after the disease has baffled the skill of eminent physicians and resisted all their means of cure. The medicines prescribed are pleasant without odor, entirely vegetable containing no sickness, and free from mercury or balsam During fifteen years of practice in Europe, the Atlantic States and California, I have rescued from the jaws of death many thousands who, in the last stages of the above mentioned diseases had been given up to die by their physicians which warrants me in promising to the afflicted, who may place themselves under my care, a speedy and permanent cure Private diseases are the greatest enemies to health as they are the first cause of consumption, insanity and many other diseases, and should be a terror to the human family A permanent cure is scarcely ever effected —a majority of cases falling into the hands of incompetent persons who not only fail to cure the disease, but ruin the constitution filling the system with mercury, which, with the disease hastens the sufferer into a rapid consumption. But should the disease and the treatment not cause death speedily and the victim marries, the disease is entailed upon the children who are born with feeble constitutions, and their current of life corrupted by a virus which betrays itself in scrofula, fetter ulcers eruptions and other affections of the skin eyes throat and lungs entailing upon them a short existence of suffering and consigning them to an early grave

Self-abuse is another formidable enemy to health, for nothing else in the dread catalogue of human ills causes a destructive a drain upon the system—drawing its thousands of victims through a few years of suffering down to an untimely grave It destroys the nervous system, rapidly wastes away the energies of life, causes mental derangement prevents the proper development of the system, disqualifies for marriage society business, and all earthly happiness and leaves the sufferer wrecked in body and mind predisposed to consumption and a train of evils worse than death itself. With the fullest confidence I assure the unfortunate victims of self-abuse, that a permanent and speedy cure can be effected, and with the abandonment of ruinous practices, my patients can be restored to robust, vigorous health

Irregularities, and all diseases of males and females, treated on principles established by fifteen years of practice and sanctioned by thousands of the most remarkable cures. Medicines with full directions sent to any part of the State, Oregon and Washington Territory, by express on receiving their symptoms by letter

All business correspondence strictly confidential. Address DR L J CZAPKAY Medical Institute, Sacramento street below Montgomery, opposite Pacific Mail Steamship Co's Office, San Francisco

Remarkable Instance of Medical Relief.

Below we publish the certificates of three of the many from the pangs of disease, who, having received their former health and impelled by gratitude, make known their cases and remedial agent, and their statements are authenticated by a Notary Public. The demands of society imperiously command their publicity, and we commend their perusal to the attention of all afflicted:

Certificate—The undersigned, desirous of aiding those who may be unfortunate enough to be similarly afflicted where a permanent relief of their sufferings may be obtained feels it his duty to thus publicly express his sincere gratitude to Dr L J Czapkay, for the entire recovery of his health Borne down by the many symptoms incident to the vicious practices of a miserable passion in youth, depressed in body and mind, unable to perform even the most trifling duty imposed upon the ordinary avocations of life, I sought the advice of many physicians who at first regarded my disease as of little importance—but, alas! after a few weeks, and in some instances, months, of their treatment, I found, to my unutterable horror, that instead of relief, my symptoms became more alarming in their torture, and being told, by me that my disease being principally confined to the brain, it would be of little consequence, I despaired of ever regaining my health strength, and energy, and as a last resort, met with but a faint hope called upon Dr. Czapkay, who after examining my case, prescribed some medicine which almost instantly relieved me of the dull pain and fearful headache Encouraged by the result. I resolved to place myself immediately under his care, and by a strict observance of his directions and advice, my head became clear, and my ideas collected the constant pain in my back and groins the weakness of my limbs, the nervous reaction of my whole body on the slightest alarm or exciting cause, fleeting away and evil forebodings, the self-distrust and panic fear which in others, the incapability to study, and wait of mind, the frightful, exciting and at times pleasurable dream at night followed by involuntary discharges, have all disappeared and in fact, in two months after having visited the doctor, I felt as if inspired by a new life—that life was but a short time ago I contemplated to end by my own hand With the view to guard the unfortunate from falling into the snares of incompetent quacks, I deem it my duty to offer this testimony to the merit and skill of Dr. Czapkay and recommend him to all who may stand in need of medical advice, being assured by my own experience, that any one under his care, a radical and permanent cure will be effected

DR L J CZAKAY San Francisco—*Sir* I have used the last of your medicine and do not think I shall need any more as I feel very well except that I have not added any strength yet but soon will with the appetite I have. It is just three weeks, you may recollect, since I called at your institute with my constitution, as I thought, ruined and never thought you would be able to cure me perfectly but thought you might be able to do something for the pain in my back and head, and since then my wife and I would not get excited and tremble at anything. Now that you know what I expected, you may judge for yourself my satisfaction at my complete recovery from those evils and the removal of those sores and blotches from my skin and the ulcers from my throat, and the—I may say—filth in the sickness, which you said were principally the cause of my sickness. I can hardly tell you which is the greatest, my joy or my surprise, for except not having any of my strength I feel as well as any man can feel.

Inclosed I send you twenty dollars over your charges, and think it well cheap and I If you think anybody will be benefited you may put this letter in the newspapers. Believe me gratefully yours THOMAS HAYDEN

Thankfulness is the incentive to gratitude.

CERTIFICATE—Prompted by an honest desire of my heart, I wish to lay before the public a case which deserves a commendation not only as an act of scientific skill, but that of humanity. Some about two years ago, I suddenly, and from causes unknown to me was seized with a fit of epilepsy, which owing to my inability to meet the expenses consequent upon such a thorough medical treatment, and the disadvantages to which I must will on attempting it, soon became such I was then led to believe) as to defy the skill of any physician I was frequently while in pursuit of my calling thrown to the ground without the slightest warning and with unconsciousness to the agonies. I yet despised the miseries of my life and soon learned to look upon those who would by their assistance or shelter me from danger as enemies who sought to prolong the existence of my miseries. While in this state of mind and having, previous to my affliction, tasted the sweets of life I once more was induced to attempt seeking relief upon the recommendation, called upon Dr L J Czapkay told him of my circumstances, and from that time forward him for his services, regarding which however he at once undertook my case, and with the blessing of God I was once more restored to perfect health Unable to reward him for the boon which I received but by my gratitude and feeling indebtedness, I publish myself and all the evil to make the case public, to relieve all those who from medical advice may find a physician who will be very confidence can be placed
